

## LOCAL ECONOMY

### GENERAL CHALLENGES

- Poor economy in local areas due to a low number of local businesses and the decline of major industries.
- Lack of job opportunities particularly in farming, construction, manufacturing, retail and tourism.
- Economic challenges causing the frequent migration of residents to other areas.

### CHALLENGES WITH FARMING CONTRACTS

Persons interested in farming contracts may not have their land ownership certificates.

### PROPOSED SOLUTIONS

Partner with SCJH to aid in the distribution of land titles to qualified residents.

Several landowners may not know how to farm bamboo.

Help contracted landowners to set up farms and train them in bamboo farming techniques.
